

GPI Prototype

POSITION: **Quality Assurance Manager**

Preface

GPI Prototype and Manufacturing Services, Inc. is a leader in the dynamic field of 3D metal printing, also known as additive manufacturing. As the fastest growing segment of the 3D printing industry, metals and alloys are projected to grow at an annual compound rate of over 40% through 2020. Providing direct metal laser melting (DMLM) services in Lake Bluff, IL since 2008, GPI has the expertise to take our clients from early prototyping all the way to finished, small to medium run manufacturing. With 25 employees dedicated to DMLM and a recent doubling of production capacity, GPI produces prototypes and end-use parts with complex geometries not possible with traditional machining in a variety of metals including aluminium, stainless steel, titanium, inconel and cobalt chrome. Our engineers and consultants work with clients ranging from Fortune 500 companies in the medical, aerospace and defense industries to students in university laboratories. Dedicated to maintaining cutting edge technology, GPI helps our clients rethink and revolutionize the way their parts are designed and manufactured. To further ensure the highest quality parts, GPI is pleased to be ISO 9001:2008, ISO 13485:2003, and AS9100:2009 Rev-C certified as well as ITAR registered.

GPI Prototype and GPI Anatomicals are divisions of Galloway Plastics, Incorporated. Since 1980, GPI Anatomicals has engineered and manufactured educational anatomical models for pharmaceutical & medical device companies and anatomical model distributors from around the world.

Description

We are looking for a reliable **Manager of Quality Assurance** to ensure that all external and internal requirements are met before our product reaches our customers. You will be responsible for inspecting procedures and outputs and identifying mistakes or non-conformity issues.

An excellent Quality Assurance Manager has eyes like a hawk and solid experience in quality control. This new position will, amongst other duties, initially require hands-on inspection of product. As the company and or individual grow, so too will responsibilities and compensation grow.

So if you have quality function experience and a passion to apply it and grow in it, then be sure to apply today.

Requirements, and Duties & Responsibilities for this position are detailed below.

Requirements

- Computer proficiency (we use Excel, UniPoint, and CAD-Solidworks)
- Familiarity with inspection equipment and practices
- BP reading
- Tolerancing
- Scanning (vision system) inspection and reporting a plus

Duties & Responsibilities

- Perform timely, accurate and effective inspection and reporting
- Root Cause; Non-Conformance; Corrective and Preventative Action

- Record Keeping / Document Control / Documentation
- Data Collection and Analysis
- Calibration
- Training

Details

Benefits of Employment

- Major medical insurance, dental insurance, life insurance, disability insurance, vision insurance, Health Savings Account (HSA), Flexible Savings Account (FSA)
- Profit sharing plan
- Reduced rate health club membership
- Located in beautiful Lake Bluff, IL, 30 miles north of downtown Chicago

Compensation

Negotiable & dependent on qualifications

For consideration, please send a resume to dharris@lakecountyil.gov and state Quality Assurance Manager in the subject line.
